

AMBUJA TUBE FITTING MFG. CO.
Engineering India Ahead

INTRODUCTION

Ambuja tube fitting is established with a dedicated Team of Instrument Engineers who have always found that instruments being found incorrect due to leakage problems in its fitments .

Our 30 years of experience in instrument field has given us vast knowledge in how precision instrument tube fittings are to be manufactured . With Latest machining technology for our instrument parts we are now diversifying in the instrument tube fittings field . With vast knowledge from our instrument engineers and our very knowledgeable procurement engineers and with support from our Q.C team we at Ambuja tube fitting stands tall and intend to wipe out all the flaws in how tube fittings are used and their importance in every stage. Precision has now a new name in AMBUJA tube fitting manufacturer .

Ambuja tube fitting manufacturer is formed with a sere intension to provide tube fittings industry with quality world class products with innovative cost effective export oriented Instruments, tube fittings, flanges, valves. sheets, rods, Plates, which the world can take note off.

We intend to manufacture export quality tube fittings in different sizes using quality virgin materials like brass, stainless steel, monel, C.S etc as per standards or as per clients drawing or specifications.

Vision Mission & Values

Our vision is to provide india and world with break through technology in engineering sector and accelarating the growth of economy with knife edge technology.

Our mission is to develop a dynamic trading organization that provides the best technical, commercial and sales service in an effective manner.

Our values are deep routed in our products that show in our customers repeat orders.

DAIRY & PHARMA FITTINGS

We at ambuja tube fittings specialize in manufacturing food grade fittings i.e fittings used in dairy, pharma , Bio-Tech , Brewery , Beverages industries . This vales and fittings are demanded for their superior quality sparkling finish with use of superior quality 304 S.S , 316 S.S material food grade materials makes our range of dairy fittings the most sort after and most demanded in the market .Our manufactured fittings are electro-polished for a crevice free layer on all our fittings and superior corrosion resistance . All are fittings designed to be butt welded to O.D. pipe. Material test certificate if required can be provided with all our fittings at extra cost.

Types of dairy fittings / pharma / Bewery fittings

- Buttery fly valves
- Tri-clover Clamps
- SMS Union / IDF Union / DIN Union
- Two way/ Three way valves
- Non return Valves
- Tri-clover ends

Our Quality Shows in Sales Growth

INDUSTRIES WE SERVE

Nuclear
Power Plant

Pharma
Industry

Oil
Refineries

Cement
Plants

Chemical
